

Dear CAS Families:

Unfortunately, the Center for Academic Success has confirmed cases of COVID 19 in isolated incidents of staff members and a student. Those who have been exposed have already been notified and sent home to quarantine. Due to the possible exposure of staff members and to prevent the exposure of more students, the administration of CAS has decided to switch to virtual learning for all students. As part of this decision we also took into consideration the metrics from the Arizona Department of Health Services for Cochise County. Students will start virtual learning on Monday, December 7th, and this will stay in effect until January 4th, 2021.

The governor has mandated that all schools provide a safe place for vulnerable children to go. Examples of vulnerable children include children in foster care, students who are Special Needs, children who are unsupervised, children who do not have the tools necessary to learn virtually. The goal is to keep all the children in our community safe.

CAS will have a safe place for children in these circumstances during school hours:

Elementary/Middle School 8:00am -3:00pm

High School 9:00am – 3:00pm.

They will be supervised by an adult and be kept socially distant. This is an opportunity for these particular students to continue their academics in a virtual setting. Students will not be in their regular classroom, nor will they be taught by their regular teacher. Breakfast and lunch will be provided. If you believe you have a child who is vulnerable please contact the CAS numbers below as there is limited availability.

If your child is high school-age and needs a safe place during the hours listed above please call (520) 439-3500.

If your child is between the Kinder – 8th grades, and needs a safe place during the hours listed above please call (520) 439-3518.

Breakfast and lunch is available to all students, Monday - Friday on a drive thru basis (No service in the cafeteria.) Breakfast pick up time is from 8:00am-9:30am and lunch pick up time is 11:00am – 12:30pm. Please call the school at the appropriate number to leave a message for an accurate breakfast and lunch count.

Thank you,

CAS Administration
